

CITY OF THREE FORKS
GOVERNMENT STUDY COMMISSION
THREE FORKS MONTANA 59752

November 20, 1995

To the Citizens of Three Forks:

The City of Three Forks Study Commission elected by the voters on November 8, 1994, or thereafter appointed present this final report to the citizens of Three Forks.

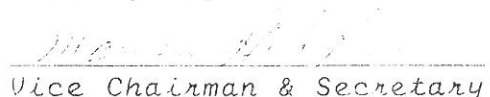

The purpose of the study commission, as defined in state law, is "to study the existing form and powers of our city government and procedures for delivery of local government services and compare them with other forms available under the law of laws of the state". If some change is deemed necessary, the study commission may submit such proposed change to the electors.

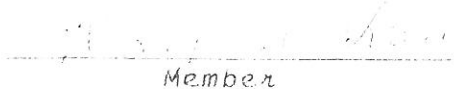

In the conduct of their review the study commission has sought advice and information from a number of the residents in Three Forks through the use of a survey that was passed out to the residents. Opinions and recommendations were solicited from local government officials and citizens. All meetings of the study commission were open to the public to determine citizens opinion.

As a result of discussions and meetings held the Three Forks Study Commission has concluded that there is general consensus that the existing mayor-council form of government has served this city well and will continue to do so in the future. We therefore recommend no change in this form of government.

Respectfully submitted,

Chairman

Vice Chairman & Secretary
